

## CSI Workshop on Web & E-commerce site development

---

Department of Computer Science & Engineering of SISTecR has organized a 3-day workshop on Web & E-commerce site development in association with Dexpert Systems Pvt. Ltd, Pune and Computer Society of India (CSI) from 16th, April to 18th April 2015.

Students of Final and Pre final Year were given training on CMS (Wordpress, Jumla, Drupal) through which Websites and E-commerce sites can be developed easily.

A web Content Management System (CMS) is a software system that provides website authoring, collaboration, and administration tools designed to allow users with little knowledge of web programming languages or mark-up languages to create and manage website content with relative ease.

At the end of the training, students gave demonstration of various E-commerce websites they had developed as a result of this training. One of the motivational factor of this workshop was that the trainer Mr.Siraj Sheikh from Dexpert Systems is an expert in the Web Development Frameworks. He is an alumni of SISTec-E.
